

Mission 100 — Race to 100 Grams of Gold

Gather your squad. Race to 100 grams. Fastest wins a couple's trip. Everyone who finishes walks away with bonus gold — no one who plays it through goes home empty-handed.

How It Works

- 1 Form your group** — 10 or 20 friends. Don't have a full crew? We'll group you with fellow members chasing the same goal.
- 2 Buy MMTC gold coins** toward your own 100g goal, at your own pace — 1g coin, or go bigger with 2g / 5g / 10g coins. Same gold rate either way, no premium for bigger coins.
- 3 Minimum 1 coin (1g) every month** to stay active in the race — just a friendly reminder if you fall behind, never a penalty.
- 4 Race checkpoints at 25g, 50g, 75g and 100g** — whoever in your group reaches each mark FIRST wins a bonus. Four mini-races, not one long wait.

Frequently Asked Questions

What if I miss a month?

No penalty. You'll get a friendly reminder — resume whenever you're ready. It never affects your checkpoint eligibility or your own finish.

What if a friend in my group stops buying?

Doesn't touch you at all. Every prize — checkpoints, the trip, your completion bonus — is earned individually. Their pace is their business.

Can I buy more than 1 coin a month?

Yes — buy as often and as much as you like. Choose 1g, 2g, 5g or 10g coins any time, always priced per gram, no denomination premium.

What if two people finish 100g in the same week?

We track the exact purchase date behind every gram, so the true first-to-finish wins — not just whoever we process first.

I don't have 10 or 20 friends ready to join — can I still play?

Yes. Tell us and we'll group you with other Mission 100 members chasing the same goal.

How do I start a group or invite friends?

Start your group on the Mission 100 page, get a shareable link, and send it on WhatsApp. Every member also gets their own personal referral link.

Is my information visible to my group?

Only your first name's initial and your rank are shown to others — your name, phone number, and exact grams stay private, visible only to you.

How is the trip prize confirmed?

Once our system detects a group's first 100g finisher, our team personally verifies and confirms the winner before booking.

Can I exit or sell back my gold?

Yes — same buy-back terms as our regular Gullak scheme, sell back to us or anywhere at the live market rate, any time.
